

Village tour

We are proud to introduce to you our very own Village tours, made by staff and Tuk Tuk drivers at Babel Guesthouse. We have three different tours, and a rotate system so that all the tours are being visited. All tours will take you for a visit to a local family, and learn about their customs. We will walk around in the peaceful countryside in beautiful sceneries - lotus farms, rice fields, water buffalos and smiling people. We will visit a local pagoda and get a monk blessing - the real Cambodian way.

One tour is with our receptionist Sarun. We will visit his family in the countryside right outside the town of Siem Reap. We will visit both his Mothers - and his brother's home. His brother is one of our Tuk Tuk drivers here at Babel, and he lives near beautiful lotus farms.

Another tour is with our Tuk Tuk driver Mr Chat. He lives near the oldest Temple Ruins, Rolous Group. You will pass these majestic temples on the way to his family in their beautiful village. Chat grows pineapple; morning glory, beans, banana and other local fruits in his garden, and all his neighbours are his family.

The last tour is with our Tuk Tuk driver Mr Heang. He lives near the floating Villages, with his wife and two children. His wife, Sopha, is one of our cooks in Babel. If you are up for it, he can bring you up a hill for a spectacular view of the floating Villages on the great lake of Tonle Sap. When its rainy season and enough water in the village, Heang can take you for a ride in his local boat.

Come and talk with us about which tour is available, and we will arrange it for you.
