

# Silk Farm

## Artisans d'Angkor

Located 16 km to the west of Siem Reap, the Artisans d'Angkor Silk farm produces some of the best silk in the country. You'll get a free guiding tour through the whole factory/workshop to see the entire fascinating silk creation process. There is a souvenir shop open daily where you can buy clothing, interior design products and accessories.

Combine a visit to the silk farm with a trip to West Baray, which lies on the way back from the Silk Farm.
