

Angkor Hospital for Children

Do you want to make a difference?

Visit Angkor Hospital for children and donate blood. Your donation of 350ml blood can help save a child's life in Cambodia. Sterile single-use equipment is used and performed by trained Blood Bank Laboratory staff. The process will take approx. 45 minutes, including a 15 minutes rest in the end.

Angkor Hospital for Children is located in the central Siem Reap, not far from Babel Guesthouse.
