

Remote Temples

Are you really adventurous? Looking for something very different? And do you have extra time? Read this!

Thanks to a network of new roads, very remote temples can now be reached in relative ease by Taxi. We have two reliable Taxi drivers in Babel Guesthouse who can gladly take you to temples like Preah Viher, Koh Ker or Prei Kuk.

Preah Viher is an ancient Hindu temple that is situated on top of a 525-metre cliff. You will be blown away by the breathtaking view over both Cambodia and Thailand from the temple. A trip to Preah Viher can be combined with a visit to beautiful Koh Ker on the way back to Babel.

Deep in the jungle in Kampong Thom province you'll find the stunning temples of Sambor Prei Kuk. You are at one with nature, as you walk peacefully around - very few tourists visit these temples. The Prei Kuk temples are our absolute favourite temples, and we can strongly recommend you to visit.
