

DO YOU FEEL “TEMPLES OUT?”

SWIMMING POOL

In the backyard there is a beautiful and clean swimming pool where you can catch your breath after a long day in the temples. The pool is made by a local khmer family for guests around this area, and costs \$3 for a day. They provide you with towels, so you don't have to bring any.

Note that if you leave the pool for some hours, you have to pay a new fee of \$3. But it's OK if you leave for a short time should you need to get something from your room, please just let them know before you go.

MASSAGE

A dedicated team for traditional Khmer massage can make your stay one of the most relaxing and healthy experience without even moving out from your room. Find the “menu” in the reception, tell us when you want them to come, and they will come and knock on your door.
